CRITICAL**START**® Cyber Incident Response Team (CIRT) Services

KEY BENEFITS

✓ Enhance your ability to respond to security incidents

✓ Minimize risk, reduce exposure, and preserve evidence

✓ Improve your security posture

✓ Meet compliance, legal, HR, and insider threat investigation requirements

Our experienced professionals extend your team, not attacker dwell time, with robust IR and forensic services, including:

Incident Readiness

• Tabletop Exercises to test your organization's ability to respond and build resiliency through moderated scenarios

• Cybersecurity Readiness Assessment to enhance your cyber resilience

• Cyber Threat Hunting to proactively identify cyber threats

• Threat Hunting Training to proactively identify malicious activity within your network and take appropriate action

• IR Retainers, offering several options of service hours, to expedite access to our IR professionals in the event of a breach

Incident Response

• Malware reverse engineering to develop Indicators of Compromise (IOCs) and other details to aid identification of similar code, and to support threat hunting activities

• IR monitoring for 30 days to aid in identification, containment, and remediation of threats, and to support targeted threat hunting operations (optional for non-CRITICAL**START**® customers)

• Crisis management to lead your team through critical stages of an incident

• Initial, interim, and final findings reports and briefings

Forensic Services

• Digital forensic investigations (PCI-DSS) available for highly sensitive investigations (on-site and remote)

• Evidence seizure, chain-of-custody, and secure storage

• Forensic imaging and analysis

• Investigative reporting

• Courtroom testimony
